The results of the field verification of Kota Bahagia mill and estates were discussed as well as the ongoing clearing of peat in TH’s Indonesian concessions. We appreciate the feedback and clarification given by TH including TH’s intention to continue clearing of peat areas. The latter is in conflict with IOI’s policy and therefore we continue the suspension of TH plantation from our supply chain</p> <p>Nov-16: TH Plantations invited IOI for mill verification. TH and IOI have scheduled the mill verification for Mar-2017. IOI will contact senior management of TH once the report of the mill verification is available. In this</p>	Suspended
